Nominations and Voting

- Give the proposed set of nominations and call for any other nominations from the floor.
- Call for a motion to close the nominations
- Someone has to say "So moved". Someone else has to say "Seconded". That motion to close the nominations requires a vote of the membership, so you say "All in favor", and count, then "All opposed" and count again.
- After that motion to close nominations has passed, you ask for a motion to approve the nominations.
- Someone has to say "So moved". Someone else has to say "Seconded". The membership gets to vote on that motion.
- Again, you ask "All in favor" then "All opposed?"
